**linkedin.com/in/faustin-bellow-048019188**

## EDUCATION

**Southeastern Louisiana University,**  
Bachelor of Science in Computer Science -  
Minor in Mathematics

August 2017 - May 2021

GPA: 3.4

## PROJECTS

### **Senior Capstone Project (Fall 2020) — Paystar Admin Portal**

I worked with a team of 5 others to build a full stack application using Entity Framework Core and .NET backend with a React Web Application frontend for Paystar to better manage their clients and services. I primarily worked on a majority of the frontend and different sections of the backend and API. This also featured integrations of Paystar's own API with additional features from Hubspot through their API.

### **Sophomore Software Engineering Project (Spring 2019) — Tapster**

A web application I built with a classmate using the Javascript MERN stack (MongoDB, Express, React, and Node.js) with it being hosted on Heroku. I primarily worked on the backend and API as well as a majority of the algorithms used. The application allowed one to search for recipes of mixers and cocktails by their name or ingredients used to make them. While the final build was never hosted, you can see a near final build at: <http://www.tapster-app.com>

## SKILLS & TECHNOLOGIES

- Entity Framework
- EF Core/ Identity
- SQL/MySQL
- ASP.NET/ .NET Core
- Hangfire
- React
- Blender
- Unity

## CERTIFICATIONS

**AWS Academy Cloud Foundations,** Completed Amazon Web Services course on Cloud Foundations and currently aiming for the Cloud Practitioner Certification

## AWARDS

**Southeastern Presidents List,** 2019- 2021

**National Society of Leadership and Success,** Fall 2018-2021

**Southeastern Louisiana University Honors Scholarship,** 2017-2021

## LANGUAGES

- Java
- Javascript
- C/ C++
- C#
- Python
